

We invite you to bring your child along at your convenience to join our "BABY TEETH DO MATTER!" scheme which is aimed at children under the age of five who have either not yet visited the dentist or have not been seen for more than 2 years.

Regular dental visits are important and we aim to provide the best preventative advice & care for your child and regular attendance will help to familiarise them with the surgery environment.

The initial visit will allow you and your child to meet our team and you will also receive

- ✚ an information/sample pack on your first visit
- ✚ a free gift for your child
- ✚ diet & oral health advice
- ✚ advice about caring for your child's teeth
- ✚ preventative care

We will then welcome you back for a 2-3 month review appointment to see how you have been getting along with the advice and to provide any further preventative care or treatment if required.

To make an appointment today call us on 01942 727465

Or call in at

23 Bryn Street Ashton-In-Makerfield WN4 9AX
